

Land North of Monks Cross, York (Application Ref: 18/00017/OUTM)
Environmental Statement – Transport – Statement of Expertise

The November 2020 update to Chapter 6 (Transport) of the 2017 Environmental Statement Non-Technical Summary document was prepared by Philip Owen BEng (Hons), CEng, MICE, MIHT.

Mr Owen holds an honours degree in Civil Engineering and is a chartered member of the Institution of Civil Engineers (ICE) as well as a member of the Chartered Institution of Highways and Transportation (CIHT). Mr Owen is the Managing Director of Optima Highways and Transportation Limited, an independent consultancy based in Leeds and was formerly an Associate Director with WSP Development and Transportation.

Mr Owen has over 25 years' experience in the traffic and transportation field during which time he has advised numerous private sector companies on the traffic and transportation aspects of a wide range of development proposals encompassing projects from feasibility and planning stages right through to detailed design and contract preparation. Mr Owen has extensive knowledge of planning procedures and has appeared as an expert highways/transportation witness at many public inquiries and hearings.
